

Don't place a period, where God has placed a Video Conference!

The Northern California Nevada Conference asks for your **GENEROUS** help to purchase a **video conference system!**

We want to fund at least **seven systems**, at \$2500.00 a system, that will be placed strategically throughout the Conference region with at least one in each Association. This will allow us to hold **webinars**, and **meetings** while **cutting down on travel time and costs** across our wide geography. It will empower us to schedule gatherings that focus on the specific needs of local churches while still offering opportunities for **face-to-face interactions online and in person.**

Associations and the local church who is willing to host the system (and the gatherings through that system) will benefit from being able to use the system for their own programming.

A video conference system will be vital in allowing our clergy and lay members to hold meetings and communicate in their work of the life of the Conference. The Golden Gate Association has already funded half the cost of one system, can YOU and your faith community donate today?

Contact us office@ncncucc.org or (510) 247-8990

You can donate (“Video System” in the memo line) to the Video Conference Fundraiser by check made out and mailed to:

NCNC-UCC 401 Roland Way, Suite 260 Oakland, CA 94621
