

# Request for Conference Campership

Outdoor Ministries Program

Northern California Nevada Conference, United Church of Christ

It is the policy of the NCNC UCC Outdoor Ministries Committee that no one wishing to participate in the conference summer camping program should be prevented from doing so due to financial constraints. The Joy Davis Campership Fund exists to help those in need have the spirit-filled experience of Christian community offered at our summer and winter camps.

This fund is supported by donations of individuals from all over the Northern California Nevada Conference. Most of our donations are gathered in a special offering taken each year at the NCNC UCC Annual Gathering.

In order to practice responsible stewardship and to assist as many campers as possible:

- The maximum amount of the campership is \$90 for weeklong camps at Tamarack.
- Please work with your local congregation and Association to find additional assistance for the cost of camp.
- Please remember the *Campership Fund* in your personal giving during the coming year.
